Succeeding On The Strength Of Our Convictions In Social Work: Breaking Through In Extraordinary Times

Thursday, May 12, 2011, 5:30 p.m. - 7:30 p.m.
Reception to follow

United Federation of Teachers Building
52 Broadway, 2nd floor auditorium
New York, NY

Shifts in the economic and political arenas have created a major challenge for social workers. Within an environment that has diminishing resources, the ability to adapt and respond effectively becomes invaluable. The opportunity for social workers and supporters to come together – strengthening our professional capacities and expanding our resources – is needed now, more than ever.

We invite you to connect with our Keynote Speaker, Phil Coltoff, and panelists, Carmen Collado, Kalima DeSuze and Darrell Wheeler, as they speak about what it takes to meet the challenges of these times. Each of our special guests has a unique passion and perspective from which they will share the sources of inspiration that facilitate their abilities to do their work in ways that align with their deepest convictions in social work, and in themselves as social workers.
